

## Clean in congested areas and tight spaces

The SC370 walk-behind scrubber dryer provides daily, medium-scale floorcare with easy operation, reliable performance, and lowered water and detergent requirements to better and more efficiently clean your floors. Designed to clean a wide variety of floor surfaces the SC370 is an excellent solution for maintaining cleaning standards in retail, hospitality, and schools.

- Disc deck available in 432 mm (17in)
- Standard 25L solution/recovery tank

**Performance and feature upgrades include:**

- Control panel with one-button start and primary controls – easily accessible from the scrubber machine’s operator position
- Silent mode for non-intrusive cleaning during the day in busy public spaces or sound-sensitive areas
- One-button start to activate the scrubber brush and solution
- Lock the squeegee in the up position for double scrubbing and more effective cleaning of tough stains and high-traffic areas
- Click-on/off system makes exchanging brushes and pad holders easy
- ECO mode disperses the minimum amount of solution required when cleaning and lowers the vacuum to be used on even floors – saving energy and cleaning solution, enabling a longer runtime
- Ergonomic handle minimizes operator fatigue
- Adjustable handle to fit different user preferences for improved control
- Can be folded down to minimize space required for storage
- Optimized convenience and time efficiency for maintenance and service
- Patented elastic strap system for the squeegee blades – makes it easy to clean and change blades – blades can be used on four sides
- Click-on/off system makes it easy to exchange the brush, pad holders, and other accessories
